◎ OBJECTIVES

> ### Presentation

> " Do you wish to acquire general computer skills while specializing in one of the fields offered by the Software or Data Architect course ?
> At the end of these two courses of the IT MSc, you will be able to perfectly understand the organization of digital flows as well as the implementation of tools for exploiting the intangible heritage of a company or a community. In fact, you will be able to deal with data management and analysis issues, design information systems and also exploit and enhance digital content. As a future IT executive, you will also learn about the different support methodologies that can improve the functioning of an organization.

> Jean Loup Guillaume
